

“Connect with God is a new ministry in Guilford County with the intention of sharing the Gospel and teaching others how to share the Gospel. Social media will be heavily relied upon which requires the need of a videographer and social media manager.

Videographer – must be familiar with using a Sony Alpha 7 IV Mirrorless Camera, Rogue Sound System and Production Lighting, along with the ability to record and edit videos for use on various social media platforms.

Social Media Manager – including but not limited to – creating content, managing social media accounts, analyzing data, developing strategies, communicating with followers and answering those replying to videos, managing budgets for creating content, managing the ministry’s reputation by addressing negative reviews or comments.
